

# DAILY REPUBLICAN

SECOND YEAR. MAYSVILLE, KY., FRIDAY, DECEMBER 8, 1903. ONE CENT.

**JUST AN ORDINARY YEAR OF ACCIDENTS.**  
Manchester Union—Contrary to what might be generally supposed this year has not been one of a large number of accidents. In spite of all the World's Fair train troubles, accident insurance companies report no considerable increase in accidents during the year.

**A DEMOCRATIC PROTEST.**  
Try *Phos* (Dem.)—God reigns in Israel, and no tariff making machine can win. The great manufacturing districts have two many Democratic Representatives in both branches of Congress to wipe out the home of Protective features, whose retention is demanded by every patriotic American citizen.

**THEY WANT EXACTITUDE.**  
New York Letter to Philadelphia Press.—There is a movement afoot which is likely to be supported by the majority of New York importers, by many of the manufacturers and a good many business men, which has for its purpose the asking of Congress to fix by joint resolution a day in the future when the tariff law, whatever it is, is to go into effect.

**THE REASON FOR THIS PROPOSITION IS** that if importers and manufacturers can only know the precise day upon which a new tariff law, if there is any, is to operate, then they will have certainty and will know how to arrange their business so as to best meet the new condition. It is rather curious to note that this proposition was suggested by those who were conspicuous in the support of the tariff land last fall as the possible of Free trade, or something like it, and it is also rather interesting to hear men who were vociferous during the campaign of last year insist that Congress must not do anything more than to Washington to make law, reduce the schedules a little and add some things to the free list.

**THE NUMBER OF ONE AND TWO-TENTH PERCENT** seems to have been wonderfully diminished since the last campaign and so far as the Democratic party in this vicinity is concerned it is more of a protection party than it has ever been, not differing from the Republicans on the question of Protection, but simply on what the rate of protection should be and what things should be protected.

**A MOVEMENT IS ON FOOT TO PUT ANOTHER** Popular party at Potomac.

**THE FAREWELL SHOWN** doesn't shine as bright as it has been on the sick list.

**THE GROUP** *Guthrie* has passed the test, and is in a very healthy condition.

**MARTIN COMBS**, resident about four miles from Maysville on the Fleming place, died yesterday afternoon.

**THIS CASE OF DEGMAN** vs. Degman has been decided in the Circuit Court by the plaintiff's petition being dismissed.

**REV. G. M. JOLLY** of Sandus has gone to attend his mother's funeral at Stephensport. He will not preach at Maysville next Sunday.

**JUDITH PRISTON** carries both colored and white. James T. Grady and Hattie Robinson are the latest colored pair to be tied up for crimes.

**MISS FANNIE GOLDBERG**, aged 92, a sister of Harvey Marchant on Italy Creek, is lying seriously ill at the home of her son, James H. Goldberg, in Lewis county.

**C. C. CATYAS** of Gallatin, Mo., and Miss Lila Crain, one of Fleming's first daughters, were married Wednesday, and sailed away for the F. V. V. for their honeymoon.

**THE BOOKS OF THE LITERATURE BUILDING** Association are now open for subscription in the Ninth Series of stock. Call on C. H. Sharp, Secretary; James Thielicke, Treasurer; C. D. Newell, Solicitor, or any of the Directors.

**WE WANT TO CALL ATTENTION TO THE STOCK** of Fred, Terry and Patrick Hendle Kuhn and Forks. Fine Carvers and Forks, Plated Tea and Table Spoons, Fine Pocket and Table Cutlery, Silverware and Shavers, Land Promoters, Fire Saws and Coal Vases, carried in stock by Frank Owens Hardware Co., and will be sold very cheap.

**A BAZAR**, under the management of the ladies of the Christian Church, will be held in the chapel of the church on Friday, December 12th. Fancy and useful articles suitable for holding a bazaar will be on hand. The bazar will be opened at 10 o'clock in the morning and continue through the day. From 5:30 until 9 o'clock p. m. a supper will be served. The tickets will include all the palatable dishes of the season, and the price of which will be 50 cents. The patronage of the public is respectfully solicited.

**COLUMBIA SAGES** conducted. The many friends of Columbia Sages will be pleased to learn that he is much improved this morning. He has what is known as three cases of arthritis, and anyone who has had one can sympathize with him. He hopes to be out in a few days.

**AT THE OPERA-HOUSE.**

**"Faust" Was Presented Last Night for the First Time.**

For the first time in this city "Faust" was presented last night to a fair-sized audience, but it was the last time. The opera house was closed for good. The opera house was closed for good. The opera house was closed for good.

When Gardner and brother of Reelville were in town yesterday.

Colonel C. P. Skinner has returned home after an extended trip to friends at Old Point Comfort and Newport News.

Dr. Sam Harver and Lawyer Ben Cox went their finest and went to Manchester to show some law to swell. They haven't come back.

Commercial Gardiner and Mr. Thomas Chisham of the Normandy Building have as guests the Misses Ann and Maudie McDeule of Maysville.

John Hallenbeck, the King of the Marble Poles, who has been visiting his old home at Marion, O., has returned to his home in this city. His all right, only he will breathe occasionally.

When the Mill, Halls, Huns.

O, what the kids be happy, and the lassies all say. When I was young, daisy writing has forever passed away. When I was young, daisy writing has forever passed away. When I was young, daisy writing has forever passed away.

The Mill Halls Huns?

Don't let your child struggle with whooping-cough, when a bottle of Ayer's Cherry Cougher can be had for a dollar.

R. P. SCORIE & SON of Winchester manufactured and sold 20,000 tobacco bags last season. There's nothing small about this.

Love is an irresistible force. While the mercury was dancing down close to zero the other day an old fellow, aged 75, got a girl on him and went and married a young maiden of 18, and the weather has been growing warmer ever since.

Ask of the members of the Lohdell Revolt troupe sent with quite an accident yesterday afternoon. He was "railroaded" and stepped off the train before it stopped, and the doctor led to a little patching on his cranium before he could perform last night.

CHARLES KUEHNEL, who has been Wheelmaster at Louisville for twenty-one years, and who was known to every steam boatman on the Ohio river, died Wednesday afternoon. He fell from the chair in a fit of apoplexy and in fifteen minutes he was a power in local politics, and a prominent lobbyist in the State Legislature for the L. and N. Railroad Company.

That dread malady, Is grippe, having again made its appearance in our midst, behaves every man to take all possible measures against the sudden changes in the temperature. A pair of downy-lined slippers, of which you will find a complete line of ladies, misses and children's at Miner's shoe store, will be a source of great comfort and protection to you this winter. A full stock of ladies' overalls also.

THE C. and O. train record for the month of November, 1903, shows this remarkable state of affairs:

The Business Way!

The business way to advertise is to take space by the year, the price with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.

We have never seen that time.

Use the dull seasons for looking over your stock and running off that which is running out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsalable goods into money, and reinvesting the money in those things which are salable.

Where is That Business Now?

Greenback (B. H. H.) has been campaigning the Democratic of this city displayed a banner in their procession bearing this inscription:

VOTE FOR GREENBACK AND HAYES.

A liberal reward will be paid for that banner at this office, and on condition of being.

It is only a narrow mind that will speak of the United States as a "narrow market."

With Free-trade wages, free-trade prices and free-trade profits in sight, it will be doubly obligatory upon the incoming Legislature to keep appropriations down to the lowest practicable figure.

The raw material the Democracy are slobbering over so much and propose to put on the free list should be dug from our own hills. Why? Because it gives employment to American labor. Isn't it better for the people of this country to dig the ore here rather than get it from Cuba from Spain, from Canada, or any other foreign country? The American miner mines here; the American teamster hauls it to the furnace and he is paid for it, and the money kept at home. Isn't that the common sense way of doing it?

Every year the Democratic party sets up the plea that it is the fundamental of the Almighty to protect the laboring man from the greed of capitalist corporations who would devour them. In this Congressional district who accept it as divine truth, and vote the Democratic ticket year in and year out.

It is something astonishing to us that any intelligent man should go deliberately to work and introduce a party that bases its right to supremacy in this government on the ground that it favors the admission of raw material we can produce at home, into this country from foreign ports free of duty.

It is a great wrong, according to the acute ethical sensibilities of this administration, to refuse to restore a dissolute Polynesian woman to her throne, but an act of patriotism and humanity to turn hundreds of thousands of American men and women out of employment on the threshold of a bitter winter.

"The United States are especially interested," declares Mr. CLEVELAND in one passage of his message. In another passage he speaks of "those countries with which the United States have not already," a deep fog seems to envelop the White House as to whether the United States "is" or "are" a Nation.

The White House Free-trade oracle asserts that "our workmen" will quickly discover compensation for coming tariff changes in the "steady employment" which free raw materials will insure them. The hundreds of thousands of men engaged in the production of iron ore, coal, salt and lumber are not "workmen," then?

Don't fail to see "PAIN" at the Opera-house to-night.

HARRIET WILSON, on October 27 years, shook the dust of her feet of this earth by the moraine road.

FRANKFORT is looking to the establishment of a State Reformatory for the young. She already has one, but it's crowded now.

The "shortest" day in the year comes just before Christmas. That is right, Christmas is the shortest day of the year.

WILLIAM ETT, colored, and two children, who live near Central City, were poisoned with arsenic. It was in the brand they were eating.

Think local lawyers of Louisville have received fees of \$10,000 each for recovering Australian estates for a client. Now the lawyers will make a fortune out of it.

The good citizens of Pennsylvania are determined to have something better than twilight. They are now studying the electric light globe system. We hope they will succeed.

LEE TINKLER and his wife have made up at Lexington, and now the bells will ring on the second day. They have kissed sixteen times in fifteen minutes since the inauguration.

FRANK P. SUMNER, who tried to take himself over by breaking out of the L. & N. yard, paid glory to the chance of being taken at Lexington and was sent to Frankfort to bottom slanders for ten years.

BILEY HUGHES, a miner employed in the mines in this country, threw a wagon of burning powder in the fire, which exploded, blowing the house out and hurt and burning Hughes and his family, his wife and mother. It took him four hours, and of course Hughes will get well.

WON'T the farmers never learn any sense? An old boy named Peter Black who lives near Vandalia, was asked by a stranger to sign a slip of paper, which he did, and the next day he was introduced to that neighbor he had signed for, who told him the stranger had deceived him.

A. S. HUGHES, of Adams, N. Y., are nothing but dry bones for three years on account of that terrible drought, and they are now being entirely cured by Dr. Hales' Hosiery Tonic, and can eat out anything. This greatest medicine known is sold at 25 and 50 cents per package at Power & Reynolds, Druggists.
